ABOUT US

We are a non-profit preschool welcoming all children ages 3-5 years. We use a project approach where children will have the opportunity to explore topics that are of interest and relevance to them in an interactive, hands-on way. Academics and kindergarten readiness skills will be integrated into their daily activities. We are licensed by the Ohio Department of Job & Family Services. We offer both Part Day and Full Day programs. Our creative and caring teachers are ready to meet your child at their developmental level and help them grow from there!

It is our core belief that all young children learn critical life and learning skills through hands on play.
