

Welcome to Rainbow Room!

I am Lori Reeves, Ms. Lori, and am returning to Rainbow Room for my second year to teach Pre-K students.

I have my B.S. in Education from OSU and my M.S. in Ed. from UD. After 36+ years in public school systems, teaching in grades K-12, I retired and was excited to join the BUMP Staff when called. My husband, one son, and two granddaughters all attended BUMP! As a life-long member of BUMC and Bexley, I have always been aware of the quality and history of the BUMP educational philosophy and creative play curriculum.

Every week we will be engaged in subject areas that are of interest to the children. In addition, we will be "celebrating" many ethnic and cultural holidays that allow children a peek into traditions that may be new to them. These experiences will show the children the similarities across multiple cultures. During Art, Science, Social Studies, Music, Imaginative Play and BOOKS, we will cover a rainbow of subjects that interest our class. Every month I will send home a Rainbow Room Newsletter which will provide information for our specific classroom that will include dates and focused learning areas.

The children will be involved in academic learning that will prepare them for Kindergarten approximately one hour per day. Letter knowledge, phonics, number recognition, counting by 1's, 2's, 5's and 10's, simple addition and subtraction, geometrical shapes, and writing will be taught. We will read at least five read a-louds per day. I am planning for the class to perform several plays later in the year based on our reading.

Please speak with me directly if your child is having an issue in class and I will do the same if I notice an awkward situation. I don't want your child to be uncomfortable. You may also text me [REDACTED]
[REDACTED] We will have a Fabulous Year together!
